Quantros, Inc. Acquires Comparion Medical Analytics

MILPITAS, CA and GREENVILLE, SC – March 1, 2016 (BUSINESSWIRE) – Quantros, Inc., the healthcare industry’s leading provider of enterprise safety risk management, quality management and reporting solutions, has acquired Comparion Medical Analytics, one of the nation’s largest privately-held healthcare information services companies and providers of solutions designed to assess the cost and quality of medical services delivered across the continuum of care.

Transaction Highlights:

- Strengthens the Quantros portfolio of enterprise, SaaS-based solutions for monitoring, reporting and measuring clinical and financial performance across inpatient and outpatient care settings.
- Enhances Quantros’ capabilities for the electronic collection, reporting and exchange of clinical quality measures data for payment determination and quality/safety performance improvement.
- Expands the Quantros customer base which now includes over 10,000 inpatient and outpatient healthcare facilities and care settings.
- Adds significant domain expertise in healthcare performance profiling and improvement to the Quantros Executive Leadership and Innovation Teams

“We’re excited to welcome Comparion into the Quantros family,” says Annie Callanan, chief executive officer of Quantros, Inc. “The addition of Comparion’s capabilities truly strengthens our value propositions to customers, particularly for those participating in alternative value-based models linking payments to safer, higher quality care.”

Following the acquisition, support will remain in place for the Comparion CARE Performance Assessment Suite™. All of Comparion's employees/contractors will continue to operate out of its headquarters in Greenville, SC. Quantros also plans to make additional investments in the development and integration of the combined Company's platforms and robust evidence bases to accelerate the launch of its next-generation performance improvement and management capabilities.

"Both companies have a common mission and focus for helping customers to achieve measurable progress in the delivery of high-quality, coordinated and safer care," says Thane Forthman, founder of Comparion Medical Analytics and who will now serve as chief analytics officer at Quantros. "As a combined enterprise, we're far better positioned to grow and support customers through the transition to value-based care and reimbursement."

Quantros is a portfolio company of Francisco Partners, a leading global private equity firm focused exclusively on technology. With extensive expertise in healthcare IT, Francisco Partners is committed to the long-term improvement of Quantros' software and services and the success of its customers.

About Quantros

Quantros is a leading provider of enterprise SaaS-based solutions and services that advance healthcare quality and safety performance.
